           Office Hours: Thursdays Before and After Class

COURSE PURPOSE - The course in managerial accounting is designed to provide the student with a study of the underlying theory of managerial accounting topics. This course is designed to teach the students the fundamental underlying theory of managerial accounting. The knowledge and abilities acquired in this course should help students to understand and analyze problems associated with managerial accounting.

STUDENT OBJECTIVES - Upon completion of the course, successful students should be able to:
1. identify the role of the managerial accountant.
2. describe the environment of managerial accounting.
3. describe the terms used in managerial accounting.
4. utilize the cost-volume-profit approach.
5. understand the basics of budgeting.
6. apply cost concepts to a variety of situations.
7. understand and use capital budgeting.
8. understand the cash flow statement.

REQUIRED TEXT - Managerial Accounting, Tenth Edition, 2003 by Garrison and Noreen, Workbook and Study Guide to accompany text are also required.

COURSE WORK - Students are responsible for four activities:
1. reading the material prior to the class lecture on the chapter;
2. working all assigned questions and cases before the class period to be covered;
3. attending and participating in each class;
4. completing all required examinations.

PARTICIPATION - Each student will participate in every class period. Participation weighs heavily on the subjective element of your grade.

TESTING - Tests are multiple choice, essays and problems. Take all tests in pencil and show all work on problems.
SPECIAL ACCOMMODATIONS - Students with disabilities who believe that they may need accommodations in this class are encouraged to see me after class as soon as possible to better ensure that such accommodations are implemented in a timely fashion.
GRADING AND TESTS - Final grades are determined by the following:

Homework and Participation 100 points

Final Exam 200

Total 300 points

Final Grade
A = 270-300
B = 240-269
C = 210-239
D = 180-209

ACADEMIC HONESTY - This class deals with the profession of accounting as well as accounting knowledge. Accountants are charged with upholding the public trust. It is understood that the highest degree of professionalism exists in this class. Failure to adhere to the university's academic dishonesty policy will result in failure in the course.
