

OKLAHOMA CITY UNIVERSITY
STUDENT HEALTH AND DISABILITY SERVICES
 August 2, 2004

The following blood tests (titer tests) are available at St. Anthony Hospital laboratories to students who need proof of having had successful vaccination or immunity provided by disease when no medical records exist. Test results proving immunity will comply with University policy and Oklahoma state health law regarding immunizations.

The tests are done by a simple blood test. **There is a one-time \$5.00 charge for drawing the blood in addition to the price of the test.** Price listed is available to OCU students and **must be paid to St. Anthony Hospital laboratory at the time of service.** No physician order is needed.

Locations for testing are as follows:

1. Classen Building, 1110 N. Classen, 231-3024. Hours 8:30 a.m. to 4:30 p.m. Mon.-Fri.
2. Professional Office Building, 608 NW 9th, 272-7090. Hours 8:00 a.m. to 4:30 p.m. Mon-Fri.
3. St. Anthony Hospital laboratory, 1000 N. Lee, 272-7000. Open 24 hours/day.

Name of Test	Test Code at St. Anthony Hospital Laboratory	Price
<i>The following test is needed if no documentation exists of history of having had Hepatitis B immunizations or disease.</i>		
Hepatitis B Surface Antibody	1487	\$13.32
